"Can you hear me now?"

No? Ah ha,

You must be in Hilton Head

At the registration desk, we have maps of "Hot Spots" on the hotel ground where there is supposedly cellular coverage.

Forum Theme

- Theme:
 - “Realizing the Benefits of Integrated Logistics Support- From Vision to Realization”
 - Technical Data is a key logistics element...
 - S1000D is one of a suite of harmonized standards developed to support logistics disciplines...
 - S1000D is the structural foundation upon which the lynchpin of technical data is built; a standard that supports and encourages Integrated Logistics.
 - In this Forum,
 - we will guide and encourage an integrated view of conceiving and planning an integrated approach....
 - and...define the realization process through the demonstrations...
